

Cosmology in the Alps 2024

Thursday, 21 March 2024

Thursday morning - part 1: Cosmic Dawn and The Epoch of Reionization (1) (08:30 - 10:00)

time	[id] title	presenter
08:30	[100] The Epoch of Reionisation through the low-frequency radio lens	Dr GORCE, Adélie
09:00	[107] Validating 21 cm cosmology analysis pipelines: lessons learned and future outlooks.	KITTIWISIT, Piyanat
09:20	[84] Updates from the Hydrogen Epoch of Reionization Array	PASCUA, Robert
09:40	[69] Impact of astrophysical scatter on the [H I] 21cm bispectrum	Mr MURMU, Chandra Shekhar
