

SPARCS XII: Pushing Toward the Final Frontier

Wednesday, 8 May 2024

Clusters/LSS & AGN/High-z (15:30 - 17:00)

-Conveners: Konstantinos Kolokythas

time	[id] title	presenter
15:30	[85] Ageing and rejuvenation: the tailed radio galaxies in Abell 2142	BRUNO, Luca
15:45	[33] Source dynamics and evolution of low-luminosity FR II radio galaxies	BARKUS, Bonny
16:00	[34] Connecting the fine structure of jets with the complex geometry of lobes in radio galaxies: a 144 MHz to 9 GHz, multi-scale radio journey in RBS 797	UBERTOSI, Francesco
16:15	[87] MALS Data Release I: Probing Evolution of Cold gas in AGNs	DEKA, Partha Pratim
16:30	[143] Science Highlights from the VLA Sky Survey and the Quest for a 4th Epoch Adventure	NYLAND, Kristina
16:45	[57] The most extreme $z > 5$ AGN uncovered by RACS	IGHINA, Luca
