

SPARCS XII: Pushing Toward the Final Frontier

Friday, 10 May 2024

Starbursts / Star-forming Galaxies (09:00 - 10:30)

-Conveners: Björn Adebahr

time	[id] title	presenter
09:00	[91] A resolved and multiscale study of star-formation in local U/LIRGs	LUCATELLI, Geferson
09:25	[92] MeerLIRGs: A MeerKAT 1.28 GHz study of local Luminous Infrared galaxies in the southern hemisphere	MOLOKO, Malebo
09:40	[89] Peering into the unknown with COSMOS LOFAR and JWST observations	VARDOULAKI, Eleni
09:55	[29] Radio Ring Galaxies	Mrs RAJABPOUR, Neda
10:10	[58] Analyzing the Global Magnetic Field Configuration of Edge-On Galaxies with Radio Polarimetry Data	STEIN, Michael
