Computing Platforms and Infrastructure Final Update

Monday, 27 January 2025 10:45 (20 minutes)

The Computing Platforms and Infrastructure work package is responsible for enabling the science use cases for the SKACH consortium by providing an HPC platform at CSCS and contributing with technical expertise in HPC technologies and software development.
In this presentation, we will present the final status of the work package activities.

Primary authors: Mr DI NARDO, Salvatore (ETHZ/CSCS);   HOLANDA, Victor (ETHZ/CSCS)

Presenter: HOLANDA, Victor (ETHZ/CSCS)
