

Swiss SKA Days 2025

Monday, 25 August 2025 - Wednesday, 27 August 2025

ZHAW - SW Building

Book of Abstracts

Contents

Stochastic Star Formation and Its Role in Shaping Cosmic Reionization	1
Updates from SRCNet Project Scientists	1
Classification of cluster radio emission with machine learning	1
Extragalactic survey science in deep SKA multi-frequency continuum observations . . .	1
Fast Simulation of Cosmological Neutral Hydrogen based on the Halo Model	1
Switzerland's perspective on the SKA radio-astronomy project	2
The Science Data Challenge 3b (Inference) results	2
A Spin-Glass Formulation for Solar Magnetic Field Disambiguation	2
Behind the Firewall: Unseen Synergies in CTAO and SKAO	3
SKACH Communications Update	3
The R2D2 deep neural network series paradigm for radio-astronomical imaging	3
CTAO Off-site ICT	3
Investigating the Birth of Galactic Discs in the PHOEBOS Simulation	3
State-of-the-art Time & Frequency references for SKA-Low & SKA-Mid	4
SKACH 2025-2028 Overview	4
SRCNet Infrastructure updates for CHSRC	4
Swiss SRC contributions to SRCNet	4
CHSRC workshop	5
Radio Astronomy in the era of Large Models: Specialised Fine-tuning	5
Scaling up the Central Signal Processor	5
Complex-valued DDRM for Visibility inpainting	5
Connecting galaxy theory and observables using generative deep learning	6
Gravitational lensing of FRBs: prospects for probing microlens populations in lensing galaxies	6

Radio Astronomy in the era of Large Models: Can Vision-Language Models Generalize to Unseen Scientific Data?	6
Tidal Disruption Events with SPH-EXA	6
Advancing cosmological simulations of fuzzy dark matter (FDM) with physics informed neural networks (PINNs) and generative modeling	7
Galaxy Clusters on the Road to the SKA: Probing Diffuse Emission with Machine Learning	7
Committee on Radio Astronomy Frequencies: an update on our ongoing work for protecting radio astronomy	7
Spectral studies of MERGHERS cluster sources	7
Separating Point Source Contaminants at the Visibility Level	8
Karabo Update and Tutorial: Radio Interferometry Simulations, Now Including RFI . . .	8
Karabo Community Poll	8
Satellite Mega-constellations: The risks for the SKA and a Potential Solution with TABASCAL	8
Progress towards an industrial Rb two-photon clock tailored for scientific applications .	9
Updates on the VIRUP tool	9
Primary Beam Chromaticity in HIRAX: Characterization from Simulations and Power Spectrum Implications	9
The Hydrogen Intensity and Real-time Analysis eXperiment (HIRAX) - Overview and Status Update	9
Co-design for the SKA Science Data Processor	9
Keynote - Learning in low frequency: Charting a path for SKA-Low from LOFAR lessons	10
Welcome	10
Welcome - Logistical information	10
A plenary overview of the parallel sessions	10
Unveiling the origins of high energy cosmic rays with the SKAO and CTAO	11
The importance of Dark and Quiet Skies in Swiss Astronomy and the Dialog with the Space Industry	11
Welcome to Swiss SKA Days 2025 from ZHAW	11
Satellite software tools for the community	11
SKAO Progress update	11
The renewed IAU Centre for the Protection of Dark and Quiet Sky	12

SKAO Procurement Update	12
From raw material to the horn	12
SKAO Procurement Update	12

Wednesday Morning / 64

Stochastic Star Formation and Its Role in Shaping Cosmic Reionization

Author: Michele Bianco¹

Co-authors: Alexandre Refregier¹; Aurel Schneider²; Sambit Giri³

¹ *ETH Zurich*

² *ICS, University of Zurich*

³ *University of Zurich*

Corresponding Authors: aurel.schneider@uzh.ch, mbianc@ethz.ch, sambit.giri@gmail.com

Monday Afternoon / 65

Updates from SRCNet Project Scientists

Author: Chin-Shin Chang¹

¹ *University of Geneva*

Corresponding Author: chin-shin.chang@unige.ch

Tuesday morning / 66

Classification of cluster radio emission with machine learning

Author: Markus Bredberg¹

¹ *EPFL*

Corresponding Author: markus.bredberg@epfl.ch

Wednesday Morning / 67

Extragalactic survey science in deep SKA multi-frequency continuum observations

Author: Mark Sargent¹

¹ *EPFL LASTRO*

Corresponding Author: mark.sargent@epfl.ch

Wednesday Morning / 68

Fast Simulation of Cosmological Neutral Hydrogen based on the Halo Model

Author: Pascal Hitz¹

Co-authors: Alexandre Refregier²; Devin Crichton²; John Hennig²; Pascale Berner

¹ *ETH Zurich*

² *ETHZ*

Corresponding Author: pascal.hitz@bluewin.ch

Monday Morning / 69

Switzerland's perspective on the SKA radio-astronomy project

Author: Simon Berger¹

¹ *CH - SERI*

Corresponding Author: simon.berger@sbf.admin.ch

Wednesday Morning / 70

The Science Data Challenge 3b (Inference) results

Authors: Davide Piras¹; Emmanuel de Salis²; Kelley Hess³; M. Carmen Toribio⁴; Massimo De Santis²; Merve Selcuk Simsek⁵; Michele Bianco⁶; Nicolas Cerardi⁷; Philipp Denzel⁸; Sambit Giri⁹

¹ *University of Geneva*

² *HES-SO*

³ *University of Cape Town*

⁴ *Onsala Space Observatory - Chalmers University of Technology*

⁵ *FHNW*

⁶ *ETH Zurich*

⁷ *EPFL*

⁸ *Centre for Artificial Intelligence, ZHAW*

⁹ *Stockholm University*

Corresponding Authors: toribio@chalmers.se, merve.selcuksimsek@fhnw.ch, emmanuel.desalis@he-arc.ch, davide.piras@unige.ch, nicolas.cerardi@epfl.ch, denp@zhaw.ch, sambit.giri@su.se, mbianc@ethz.ch, hess@ast.uct.ac.za

Wednesday Morning / 71

A Spin-Glass Formulation for Solar Magnetic Field Disambiguation

Author: Brandon Panos¹

¹ *FHNW*

Corresponding Author: brandon.panos@fhnw.ch

Monday Afternoon / 72

Behind the Firewall: Unseen Synergies in CTAO and SKAO

Authors: Salvatore Di Nardo¹; Victor Holanda¹

¹ *ETHZ/CSCS*

Corresponding Authors: victor.holanda@cscs.ch, salvatore.dinardo@cscs.ch

Monday Morning / 73

SKACH Communications Update

Author: Tanya Petersen¹

¹ *EPFL*

Corresponding Author: tanya.petersen@epfl.ch

Tuesday morning / 74

The R2D2 deep neural network series paradigm for radio-astronomical imaging

Authors: Ayoub Tajja¹; Yves Wiaux²

¹ *EPFL*

² *Heriot-Watt Edinburgh*

Corresponding Authors: ayoub.tajja@epfl.ch, y.wiaux@hw.ac.uk

Monday Afternoon / 75

CTAO Off-site ICT

Author: Andrii Neronov¹

Co-authors: Salvatore Di Nardo²; Victor Holanda²; Volodymyr Savchenko¹

¹ *EPFL*

² *CSCS*

Corresponding Author: andrii.neronov@gmail.com

Wednesday Morning / 76

Investigating the Birth of Galactic Discs in the PHOEBOS Simulation

Author: Daniel Swingler¹

¹ *UZH*

Corresponding Author: dswingler@ethz.ch

Monday Afternoon / 77

State-of-the-art Time & Frequency references for SKA-Low & SKA-Mid

Author: Gilles CIBIEL¹

¹ *T4Science*

Corresponding Author: gilles.cibiel@nav-timing.safrangroup.com

Monday Morning / 78

SKACH 2025-2028 Overview

Author: Carolyn Crichton^{None}

Monday Afternoon / 79

SRCNet Infrastructure updates for CHSRC

Authors: Carolina Lindqvist¹; Pablo Llopis Sanmillan¹

Co-author: Dino Conciatore²

¹ *EPFL*

² *ETHZ/CSCS*

Corresponding Authors: dino@cscs.ch, pablo.llopis@epfl.ch, carolina.lindqvist@epfl.ch

Monday Afternoon / 80

Swiss SRC contributions to SRCNet

Author: Rohini Joshi¹

¹ *FHNW*

Corresponding Author: rohini.joshi@fhnw.ch

Tuesday afternoon / 81

CHSRC workshop

Authors: Carolina Lindqvist¹; Dino Conciatore²; Lukas Gehrig³

Co-authors: Chin-Shin Chang⁴; Rohini Joshi³

¹ EPFL

² ETHZ/CSCS

³ FHNW

⁴ University of Geneva

Corresponding Authors: rohini.joshi@fhnw.ch, lukas.gehrig@fhnw.ch, dino@cscs.ch, chin-shin.chang@unige.ch, carolina.lindqvist@epfl.ch

Tuesday morning / 82

Radio Astronomy in the era of Large Models: Specialised Fine-tuning

Author: Erica Lastufka¹

Co-authors: Davide Piras¹; Marc Audard¹; Mariia Drozdova¹; Miroslava Dessauges-Zavadsky ; Omkar Bait¹; Slava Voloshynovskiy¹; Vitaliy Kinakh¹

¹ University of Geneva

Corresponding Authors: davide.piras@unige.ch, omkar.bait15@gmail.com, miroslava.dessauges@unige.ch, svolos@unige.ch, mariia.drozdova@unige.ch, marc.audard@unige.ch, erica.lastufka@unige.ch, vitaliy.kinakh@unige.ch

Monday Afternoon / 83

Scaling up the Central Signal Processor

Author: Ivana Novak¹

¹ Cosylab Switzerland

Corresponding Author: ivana.novak@cosylab.com

Tuesday morning / 84

Complex-valued DDRM for Visibility inpainting

Authors: Emma Tolley¹; Michel Morales¹

¹ EPFL

Corresponding Authors: emma.tolley@epfl.ch, michel.morales@epfl.ch

Wednesday Morning / 85

Connecting galaxy theory and observables using generative deep learning

Authors: Elena Gavagnin¹; Frank-Peter Schilling¹; Philipp Denzel²

¹ ZHAW Zurich University of Applied Sciences

² Centre for Artificial Intelligence, ZHAW

Corresponding Authors: denp@zhaw.ch, scik@zhaw.ch, gava@zhaw.ch

Wednesday Morning / 86

Gravitational lensing of FRBs: prospects for probing microlens populations in lensing galaxies

Author: Ashish Meena¹

Co-author: Prasenjit Saha ²

¹ Ben-Gurion University of the Negev

² University of Zurich

Corresponding Authors: ashishmeena766@gmail.com, psaha@physik.uzh.ch

Tuesday morning / 87

Radio Astronomy in the era of Large Models: Can Vision-Language Models Generalize to Unseen Scientific Data?

Authors: Erica Lastufka¹; Mariia Drozdova¹; Slava Voloshynovskiy¹; Taras Holotyak¹; Vitaliy Kinakh¹

Co-authors: Daniel Schaerer ¹; Davide Piras ¹; Marc Audard ¹; Miroslava Dessauges-Zavadsky ; Omkar Bait

¹

¹ University of Geneva

Corresponding Authors: omkar.bait15@gmail.com, svolos@unige.ch, davide.piras@unige.ch, vitaliy.kinakh@unige.ch, mariia.drozdova@unige.ch, erica.lastufka@unige.ch, daniel.schaerer@unige.ch, marc.audard@unige.ch, miroslava.dessauges@unige.ch, taras.holotyak@unige.ch

Wednesday Morning / 88

Tidal Disruption Events with SPH-EXA

Author: Noah Kubli¹

¹ *Universität Zürich*

Corresponding Author: noah.kubli@uzh.ch

Wednesday Morning / 89

Advancing cosmological simulations of fuzzy dark matter (FDM) with physics informed neural networks (PINNs) and generative modeling

Author: Ashutosh Kumar Mishra¹

¹ *EPFL*

Corresponding Author: ashutosh.mishra@epfl.ch

Tuesday morning / 90

Galaxy Clusters on the Road to the SKA: Probing Diffuse Emission with Machine Learning

Author: Swarna Chatterjee¹

Co-authors: Emma Tolley²; Kenda Knowles¹

¹ *Rhodes University*

² *EPFL*

Corresponding Authors: kendaknowles.astro@gmail.com, swarna.chatterjee@ru.ac.za, emma.tolley@epfl.ch

Tuesday morning / 91

Committee on Radio Astronomy Frequencies: an update on our ongoing work for protecting radio astronomy

Author: Susanne Wampfler¹

Co-authors: Axel Murk²; Benjamin Winkel³

¹ *Center for Space and Habitability, University of Bern*

² *University of Bern*

³ *Max-Planck-Institut fuer Radioastronomie*

Corresponding Authors: axel.murk@unibe.ch, bwinkel@mpifr.de, susanne.wampfler@unibe.ch

Wednesday Morning / 92

Spectral studies of MERGHERS cluster sources

Author: Keletso Dichaba¹

Co-author: Kenda Knowles ²

¹ *Rhodes University*

² *Rhodes University / South African Radio Astronomy Observatory*

Corresponding Authors: kendaknowles.astro@gmail.com, keletsodichaba@gmail.com

Tuesday morning / 93

Separating Point Source Contaminants at the Visibility Level

Authors: Emma Tolley¹; Jean-Paul Kneib¹; Shreyam Krishna¹

¹ *EPFL*

Corresponding Authors: shreyamkrishna@gmail.com, jean-paul.kneib@epfl.ch, emma.tolley@epfl.ch

Tuesday afternoon / 94

Karabo Update and Tutorial: Radio Interferometry Simulations, Now Including RFI

Authors: Andreas Wassmer¹; Chris Finlay²

¹ *FHNW*

² *EPFL*

Corresponding Authors: andreas.wassmer@fhnw.ch, christopher.finlay@epfl.ch

Monday Morning / 95

Karabo Community Poll

Authors: Andreas Wassmer¹; Chris Finlay²

¹ *FHNW*

² *EPFL*

Corresponding Authors: andreas.wassmer@fhnw.ch, christopher.finlay@epfl.ch

Tuesday morning / 96

Satellite Mega-constellations: The risks for the SKA and a Potential Solution with TABASCAL

Authors: Chris Finlay¹; Emma Tolley¹; Nicolas Cerardi¹

¹ *EPFL*

Corresponding Authors: christopher.finlay@epfl.ch, emma.tolley@epfl.ch, nicolas.cerardi@epfl.ch

Monday Afternoon / 97

Progress towards an industrial Rb two-photon clock tailored for scientific applications

Author: Victor Helson¹

¹ CSEM

Corresponding Author: victor.helson@csem.ch

Tuesday afternoon / 98

Updates on the VIRUP tool

Author: Florian Cabot¹

¹ EPFL

Corresponding Author: florian.cabot@epfl.ch

Tuesday morning / 99

Primary Beam Chromaticity in HIRAX: Characterization from Simulations and Power Spectrum Implications

Author: Ajith Sampath¹

¹ University of Geneva

Corresponding Author: ajithsampath1997@gmail.com

Tuesday morning / 100

The Hydrogen Intensity and Real-time Analysis eXperiment (HIRAX) - Overview and Status Update

Authors: Devin Crichton¹; Jennifer Studer¹

¹ ETH Zurich

Corresponding Authors: dcrichton@phys.ethz.ch, jennifer@studer.pt

Monday Afternoon / 101

Co-design for the SKA Science Data Processor

Author: Hamza Chouh¹

¹ *EPFL*

Corresponding Author: hamza.chouh@epfl.ch

Monday Morning / 102

Keynote - Learning in low frequency: Charting a path for SKA-Low from LOFAR lessons

Author: Jessica Dempsey¹

¹ *ASTRON*

Corresponding Author: dempsey@astron.nl

Monday Morning / 103

Welcome

Author: Jean-Paul Kneib¹

¹ *EPFL*

Corresponding Author: jean-paul.kneib@epfl.ch

Monday Morning / 104

Welcome - Logistical information

Author: Elena Gavagnin¹

¹ *ZHAW Zurich University of Applied Sciences*

Corresponding Author: gava@zhaw.ch

Tuesday morning / 105

A plenary overview of the parallel sessions

Author: Emma Tolley¹

¹ *EPFL*

Corresponding Author: emma.tolley@epfl.ch

Monday Afternoon / 106

Unveiling the origins of high energy cosmic rays with the SKAO and CTAO

Author: Katharine Mulrey¹

¹ *Astro*

Corresponding Author: k.mulrey@astro.ru.nl

Tuesday morning / 107

The importance of Dark and Quiet Skies in Swiss Astronomy and the Dialog with the Space Industry

Author: Stephan Hellmich¹

¹ *EPFL*

Corresponding Author: stephan.hellmich@epfl.ch

Monday Morning / 108

Welcome to Swiss SKA Days 2025 from ZHAW

Author: Reto Steiner¹

¹ *ZHAW*

Corresponding Author: reto.steiner@zhaw.ch

Tuesday morning / 109

Satellite software tools for the community

Author: Mike Peel¹

¹ *Imperial College London*

Corresponding Author: email@mikepeel.net

Monday Morning / 110

SKAO Progress update

Author: Simon Berry¹

¹ SKAO

Corresponding Author: s.berry@skatelescope.org

Tuesday morning / 111

The renewed IAU Centre for the Protection of Dark and Quiet Sky

Author: Piero Benvenuti¹

¹ *International Astronomical Union CPS*

Corresponding Author: piero.benvenuti@cps.iau.org

Monday Afternoon / 112

SKAO Procurement Update

Corresponding Author: ryan.leadbetter@skao.int

Monday Afternoon / 113

From raw material to the horn

Corresponding Author: l.rohr@mecha.ch

Monday Afternoon / 114

SKAO Procurement Update

Author: Ryan Leadbetter^{None}

Corresponding Author: ryan.leadbetter@skao.int
