

Located on the site of the world's oldest surviving passenger railway station, and housed in five listed buildings, MOSI wants every visitor to be inspired by the scientific discoveries and industrial innovations that Manchester brought to the world.

But to do this we need your support. A donation of just £3 will help us enhance our galleries and preserve the historic site and collections for current and future audiences. If you would like to help, please look out for our donation boxes around the Museum. MOSI is a Registered Charity, No. 518412.

To find out what's on at the Museum, please turn over.

Coffee Shop

Open 8am – 5pm

Serving Fairtrade and organic hot drinks, homemade cakes, sandwiches and paninis.
