

Resolving The Sky - Radio Interferometry: Past, Present and Future

Friday, 20 April 2012

PRESENT & FUTURE - Ballroom 1 (09:00 - 10:20)

time	[id] title	presenter
09:00	[98] CMB Interferometry	Dr DICKINSON, Clive
09:20	[99] Resolving The Sky with LOFAR - Status and Results	Dr VERMEULEN, Rene
09:40	[100] Realisation of a Low Frequency SKA Precursor: The Murchison Widefield Array	Prof. TINGAY, Steven
10:00	[102] Mid-Frequency Aperture Arrays: the Future of Radio Astronomy	Dr VAN BEMMEL, Ilse
