

Monitoring & Control CoDR

Report of Contributions

Contribution ID: 0

Type: **not specified**

High Level Description

Tuesday, 8 November 2011 11:00 (45 minutes)

- M&C in the context of PrepSKA WP2
- M&C in the System Context
- Relationship to other systems
- Integration interfaces
- Gap Analysis

Presenter: Dr WADADEKAR, Yogesh (National Centre for Radio Astrophysics)

Session Classification: M&C for the SKA

Contribution ID: 1

Type: **not specified**

Requirements Specifications

Tuesday, 8 November 2011 11:45 (45 minutes)

- Overview of requirements
- How reqs were derived from sys reqs (with examples)
- Orphan requirements

Presenter: ENGINEER, Sunu (ECM)

Session Classification: M&C for the SKA

Contribution ID: 2

Type: **not specified**

Design Overview - I

Tuesday, 8 November 2011 12:30 (30 minutes)

- Core functionality
- Related design concerns

Presenter: AHUJA, Amrit L. (TRDDC)

Session Classification: M&C for the SKA

Contribution ID: 3

Type: **not specified**

Design Overview - II

Tuesday, 8 November 2011 14:00 (45 minutes)

- Design approach
- Design concept 1
- Design concept 2
- Comparison of design concepts

Presenter: SWAMINATHAN, Natarajan (TRDDC)

Session Classification: M&C for the SKA (continued)

Contribution ID: 4

Type: **not specified**

ASKAP

Tuesday, 8 November 2011 14:45 (45 minutes)

Presenter: GUZMAN, Juan Carlos (CSIRO)

Session Classification: Existing Project M&C - Lessons from Precursors and Pathfinders

Contribution ID: 5

Type: **not specified**

MeerKAT

Tuesday, 8 November 2011 16:00 (45 minutes)

Presenter: VAN DEN HEEVER, Lize (NRF)

Session Classification: Existing Project M&C - Lessons from Precursors and Pathfinders
(continued)

Contribution ID: 6

Type: **not specified**

LOFAR

Tuesday, 8 November 2011 16:45 (45 minutes)

Presenter: OVEREEM, Ruud (ASTRON)

Session Classification: Existing Project M&C - Lessons from Precursors and Pathfinders
(continued)
