

Further prototyping and Future Plans

C.Baffa, E.Giani

LMC harmonization through Telescopes
II meeting Madrid

Madrid, Spain
11-13 Apr 2016

Further Prototyping

At a Glance:

1. Completion of present prototype with selected alternatives.
2. Alarm hierarchy prototype.
3. Initialization implementation.

Future Plans

At a Glance:

1. Vertical prototype, with PSS up to the nodes.
2. More interchange with other LMC groups.
3. Multi-threading experimentation.

Comments and suggestions?
Thank you!
